Office of the Dewan of Mysore.

NOTE.

Dated 16th November *191*6.

MYSORE CITY INSPECTIONS BY THE DEWAN ON THE 23rd OCTOBER 1916.

---

1. UNIVERSITY BUILDINGS :- Mr. Denham suggested the acquisition of a triangular corner to the east of the old Cosmopolitan Club and also of a strip of land in continuation of the conservancy lane behind the same building, in order that both the plots may be added to the University Buildings. The necessary transfer may be effected in consultation with the Municipality. The Secretary, Public Works Department will kindly report action taken within two months.

2. FORT IMPROVEMENTS :- Orders should be obtained for the acquisition and removal of certain buildings immediately at an estimated cost of Rs.75,000/-. The Chairman, City Improvement Trust, says he can meet the expenditure from the Savings on Drainage works. All the open spaces near and in front of the Palace may be tidied up and suitably laid out by the Superintendent, Government Gardens

and then handed over to the Palace for maintenance.

3. A note may be submitted by the Chairman, Improvement Trust - Board, for the consideration of - Government regarding the improvement of insanitary houses in Dodpet after the matter is considered by the Sanitary Commissioner and the Chief -- Engineer.

4. MANDI MARKET :- This should be kept clean and tidy and the - appearance at the front should be improved. The Municipality should be induced to take early action in the matter.

5. Steps should be taken to - drain the Bannaharadanahalli feeder channel and the valley beyond Lakshmi puram Extension. Proposals may be submitted in the rough in the first instance and details matured after the general lines are approved.

6. The President, Mysore City Municipality concurs in the above proposals.

7. Brief reports of action - taken may be submitted by the - Secretaries to Government concerned in the first week of January and April next respectively.

Intd. M.V.

From

L. Bishtopanth Badami, Esq., B.A.,
Offg. Superintendent,
Govt. Gardens, Bangalore.

To

The Secretary to Government,
General Department, Bangalore.

Sir,

Adverting to your Memo No. G. 7689 dated 7th December 1916 forwarding for necessary action an extract from the Dewan's Notes on the Inspection of the Mysore City on the 23rd October 1916, I have the honor to state that a garden plan for the whole of the open spaces in the Fort, has already been prepared. But no portion of the plan could be carried out yet, owing to the place not having been cleared of the buildings standing upon it. The Chairman has been requested to acquire and demolish the buildings very early to enable this Department to lay out the garden according to the approved plan. Only one portion viz. between the North main gate and the Palace has been cleared off the buildings, but owing to the great difference in the levels, the laying out has been delayed. The Assistant Engineer has been requested to send block levels to determine the final slope of the ground to suit the garden plan, and immediately on receipt, the work will be pushed through.

I have the honor to be,
Sir,
Your most obedient servant,

L. Bishtopanth Badami

Offg. Superintendent,
Govt. Gardens.

To

The Secretary to the Government of His Highness the
Maharaja of Mysore, General Department,
BANGALORE.

Sir,

With reference to your letter No.G.2061 dated 15th instant, enquiring what further progress has been made for laying out a garden in the open spaces near and in front of Palace at Mysore, I have the honor to state that the approved garden plan has been so designed that it allows of no private building to exist within the Fort area. As a large number of such private houses still stand on several localities in that area, neither the garden plan as a whole, nor independant portions of it, could be worked out. The Chairman of the City Imrpovement Trust, has been asked to expedite acquiring those houses and demolishing them.

2. The grounds on the northern side of the Fort, are being levelled by the Public Works Department, and immediately the retaining walls of that area, are constructed, the laying out of that portion of the garden, will be taken up. I have asked the Assistant Engineer also to push on with this portion of the work very early, to enable this Department to start its work by the beginning of next month.

I have the honor to be,
Sir,
Your most obedient servant,

Offg. Superintendent,
Government Gardens.

Sir,

In continuation of this office letter No. 290 dated 20th instant, I have the honor to state that detailed estimates for laying out the garden in the North Fort area that is now being levelled by the Public Works Department, have been forwarded to the Chief Engineer in Mysore on the 21st instant for obtaining the sanction of Governmen to enable this Department to start the work as early as possible, and no sooner it is received, the work will be started. I request you also to kindly afford the necessary sanction early, and to direct the placing of the funds at my disposal at the Mysore District Treasury.

Proposals for the diversion of the main pipe line, which now runs almost in the middle of the proposed garden area, to the northern side, and for the water connections required for the garden, have also been forwarded to the Chief Engineer in this office No.298 dated 24th instant. The construction of the drainage system of the whole area, has also been proposed to that officer in this office letter No. 312 dated 25/27th instant.

Despatched

Enclosure No.

SUBJECT

Letter No.1994/10098 dated the 15th September 1917 from the Secretary to Government, Public Works Department, to the Superintending Engineer, Southern Circle, Bangalore.

In continuation of this office No.9875 of the 10th September 1917, has the honour to return herewith the estimate for levelling and laying out the yard to the north of the Palace at Mysore, received with the Superintending Engineer's No.5960 of the 25th July 1917, duly sanctioned by Government for Rs24,632 as scrutinized in this office. The difference is due to a mistake under earthwork in estimate No.I.

2. The Assistant Engineer, Head-quarters Range, Mysore should be instructed to complete the work before the Dasara festivities of the year 1917. At all events the grounds should all be nicely trimmed and brought to a shape even if all the work is not completed by that time.

3. The requisite funds may be provided for in the General Re-appropriation Statement for the year.
